

NO ART ON A

DEAD PLANET

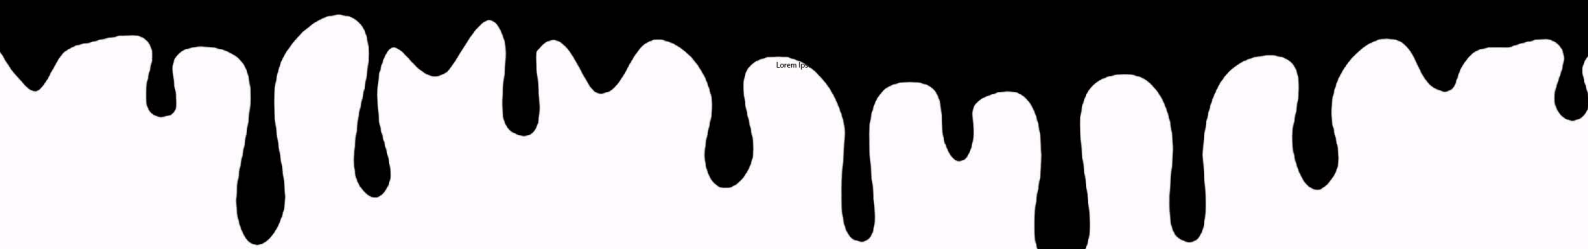

**THIS IS A CALL TO ARTISTS TO SUPPORT THE WORK OF
JUST STOP OIL BY DONATING A PIECE OF YOUR ART.**

NO ART ON A DEAD PLANET

WHY JUST STOP OIL?

**// WE ARE ON A HIGHWAY
TO CLIMATE HELL, WITH
OUR FOOT STILL ON THE
ACCELERATOR //**

- ANTONIO GUTERRES 2022

The demand of Just Stop Oil is clear and simple: no new licences for fossil fuels

The work has only just begun. With the UK government recently approving a new coal mine, and 12 of our supporters still in prison, we need your help in order to continue our campaign of civil resistance to save life - and support those who have been arrested and jailed. We are asking for a donation of your artwork which we can then sell.

800

So far, over 800 ordinary people - from doctors to vicars to students - have engaged in civil resistance to demand just that.

92%

Our campaign now has 92% name recognition in the UK, with an average of 300 press articles being written about us every day since September 1st.

1.7M

We have inspired 1.7 million more people to take some form of action on the climate crisis (YouGov), the Labour Party has adopted our demand in its policy proposals, and both Lloyds Bank and HSBC have publicly announced they will stop financing new oil and gas fields. Our actions have had a radical flank effect, with 1.75 million more people supporting Friends of the Earth.

NO ART ON A DEAD PLANET

THE ASK:

We are organising an exhibition and auction of artists' work both to affirm the commitment of the cultural sector to addressing this crisis, and of course to raise money.

We are therefore asking that you commit to donating a piece of your work for sale to support Just Stop Oil. For logistical purposes we can only currently deal with flat work or digital work. Just Stop Oil has a very broad network of supporters, so your work would reach a wide audience.

We know that many of you are often asked to contribute work for charitable purposes, and we know the demands this makes on you. But with only a few years left to "determine the future of humanity" (Sir David King), we urgently need as much support as possible. Climate breakdown will affect all of us - and as the headline says, there is no art on a dead planet. If you have taken action, feel free to submit any poems/drawings you did in police/prison cells.

**IF YOU CAN COMMIT TO THIS URGENT CAUSE,
PLEASE FILL IN THE ONLINE FORM .
IT IS IN THREE PARTS:**

- 1** Fill in your contact details if you are interested in donating artwork for the Just Stop Oil auction. Please do this immediately.
- 2** If you are ready, telling us about the piece of art you are intending to submit. The final date for submitting your artwork will be 14th February 2023 (Valentine's Day!).
- 3** Is an opportunity to share any ideas and contacts you may have to help us extend this project.

THE PLAN

“ IF GOVERNMENTS ARE SERIOUS ABOUT THE CLIMATE CRISIS, THERE CAN BE NO NEW INVESTMENTS IN OIL, GAS AND COAL, FROM NOW ON. ”

- INTERNATIONAL ENERGY AGENCY 2021

Once you have expressed an interest in supporting our auction, we will be in contact about the logistics. We are planning both a physical exhibition in London, and an online auction. We are also working with digital experts on NFT versions of the artwork for wider dissemination.

Any questions you may have can be sent to submissions.jsa@gmail.com and to register interest, click the can of soup.

In love and fury.
